

Hi Lovelies,

Ever wanted to do something and waited and waited until you thought it was perfect to do it? Me too! I haven't written a newsletter since February. I drafted one in April and then didn't send it. I can't get the live link to work in my PDF version of my newsletter so instead of writing in a different way or explaining that the links don't work. I wrote nothing. This time, I'm not going to let a bit of technology stop me from doing what I want. Enough ego: This is my newsletter without the links or fancy stuff!

It has been a very busy Fall with the angels and I expanding into downtown :) Banyen books in September was amazing with over 60 people coming to an Archangels, Ascended Masters and Oneness Healing workshop. I also have some lovely healing space downtown at [Pure Light Clinic](#) on West Broadway. It has lovely energy with a fantastic owner, Rita, and team. I work at least one Wednesday every few weeks from 12:30 - 8pm so let me know if it's more convenient to see me and your angelic team there!

After two years of being full on the North Shore, I am running the first downtown [Bright Shiny Soul Program](#). The venue is perfect at The Profile, Gas Town with stunning views over the North Shore Mountains and Burrard Inlet. It is such an honour to see these courageous people transform as they identify and heal from the 'stories' that stop them rocking this life fully. They didn't wait for the 'perfect' moment, they just trusted their intuition and went for it!

So if you're waiting for the perfect time to start something.

The perfect time is when it feels good, exciting, passionate and perhaps a little nerve wracking as you imagine doing it. Could it be now?

Conscious Divas Date Night

I'm looking forward to December with my first ever guest presentation at Conscious Divas Date Night <http://www.consciousdivas.com/admin/diva-date-night-soul-celebration-vancouver> - 3 December, Downtown and 5 December, North Shore 7 - 9:30pm. The angels, Archangels and departed loved ones will be out in force for this soul celebration! Just like us, they do love a party you know.

All of this and more is on my events [website](#) including how to reserve your space.

Oh yes, Oneness Healing with Archangels and Ascended Masters tomorrow night at Utopia, North Vancouver 7:00pm - see below. They want to help us stay calm, present and grounded as the Christmas season hurtles towards us.

I for one will benefit from hearing this!
